Name: Sameer Reddy
Email: sameer.reddy@email.com
Phone: +91 6543210987

Objective:

Cybersecurity enthusiast with expertise in ethical hacking, penetration testing, and digital forensics. Looking for a role where I can enhance security measures and mitigate cyber threats for enterprises. Experienced in identifying vulnerabilities and implementing security policies.

Education:

- B.Tech in Cybersecurity, NIT Warangal (2019-2023)

Skills:

- Security Tools: Kali Linux, Metasploit, Wireshark, Burp Suite
- Programming: Python, Bash, C
- Cybersecurity Domains: Ethical Hacking, Penetration Testing, Network Security

Projects:

- **Network Security Audit:** Conducted vulnerability analysis for a fintech company, preventing potential breaches.
- **Ransomware Detection System:** Built an AI-based system to detect and mitigate ransomware attacks in real-time.
- **Secure File Transfer Protocol:** Developed an encrypted file-sharing protocol using AES encryption.

Certifications:

- Certified Ethical Hacker (CEH)
- CompTIA Security+
- OSCP Certification

Internship Experience:

- **Cybersecurity Intern at IBM (2023)**
    - Performed penetration testing and identified security flaws in enterprise networks.
    - Automated incident response workflows, reducing threat response time by 40%.

Achievements:

- Won 1st place in National Cybersecurity Hackathon 2023.
- Discovered a zero-day vulnerability and reported it under a responsible disclosure program.
